

AWS WELL ARCHITECTED REVIEW

Assess your workload against AWS best practices and obtain guidance to deliver reliable, secure, performant and cost effective systems

BUILD YOUR SYSTEMS USING A STRUCTURED APPROACH TO BEST PRACTICES

Just like your car needs regular servicing, the AWS Well Architected Review framework is an opportunity to stop and assess your cloud environments and specific workloads to ensure they're running like well oiled machines!

The Well Architected Review will provide architectural guidance and best practice approaches to ensure your systems are high performing, resilient and efficient.

LEVERAGING THE AWS WELL ARCHITECTED FRAMEWORK (WAR)

Cevo is an AWS Advanced consulting partner with the expertise to guide your team through a WAR assessment, and deliver actionable recommendations.

The Well Architected Framework reviews your environment across the following pillars:

OPERATIONAL EXCELLENCE

Run and monitor systems to deliver business value and to continually improve supporting processes and procedures.

SECURITY

Protect information, systems, and assets while delivering business value through risk assessments and mitigation strategies.

RELIABILITY

Recover from infrastructure or service disruptions, dynamically acquire computing resources to meet demand, and mitigate disruptions such as mis-configurations or transient network issues.

PERFORMANCE EFFICIENCY

Use computing resources efficiently to meet system requirements and to maintain that efficiency as demand changes and technologies evolve.

COST OPTIMISATION

Avoid or eliminate unneeded cost or suboptimal resources.

WHAT ARE THE PRE-REQUISITES?

Identify a specific workload that requires an assessment.

Provide the relevant business and technical stakeholders to attend a half day workshop.

WHY IS IT HELPFUL?

Pressing issues with cost, performance, reliability, operations, and security get identified and remediated quickly.

Get help interpreting the integration of new AWS services.

WHAT DO YOU GET?

Within a week of the completed workshop you will receive a documented report which covers all aspects of the pillars selected for the workload assessed. Cevo will also provide specific recommendations for future improvements, along with access to other relevant information pertinent to your environment.
