

# AWS IMMERSION DAYS

Dive into the concepts of the AWS Platform. Get hands-on with labs and exclusive learning content. Accelerate your understanding of key concepts and best practices.

## EVENT OVERVIEW

AWS Immersion Days offer our customers the chance to experience workshop content and tools developed directly by AWS and delivered by the Cevo team of expert consultants. The sessions will be delivered fully remotely using Zoom and tailored to meet specific customer focus.

During this event you will gain a better understanding of AWS foundational services and key concepts. Through presentations and hands-on labs you will be guided through best practices to utilise AWS services more efficiently and effectively.

## WHY ATTEND?

The Immersion Day events are a great opportunity to learn the basics behind the AWS environment. You be able to navigate and practice performing tasks, while in a safe learning space. You will have the opportunity to work directly with experienced Cevo Solution Architects and receive real-time feedback on your learning and understanding of concepts.

Immersion Days are available to cover the following topics – each topic is a full-day event. We recommend starting with the General AWS Immersion Day:

- General AWS
- AI/ML
- Aurora
- Containers
- Control Tower
- Data Engineering
- DevOps
- DynamoDB
- End User Compute
- IoT
- Landing Zone
- Microsoft Workloads
- Migration
- Redshift
- Security and Compliance
- Serverless
- Serverless Data Lake

The agenda will typically run from 8.30am – 4.30pm and consist of 4 structured modules that include a presentation and hands-on labs section for each, with adequate time for Q&A between.

## ABOUT CEVO

Cevo is an AWS Advanced consulting partner and specialist technology consultancy working with some of Australia's most innovative companies to automate, scale and drive transformative change.

As cloud enablement experts we provide bespoke **DevOps, Migration and Cloud Native** solutions, with an approach focused on delivering value through enablement.
